

**MOTOROLA SOLUTIONS**

Service Elite Specialist

# Connect with a career that matters

Our members are dedicated to designing and delivering Motorola Solutions' mission-critical ecosystems for their public safety & enterprise customers. Our customers refer to these systems as their lifeline – mission-critical communications, software, video, and services.

## We're solving for safer every day

Motorola Solutions' business is safety and security. This is who they are, this is what they do, and this is where they exist. MSI builds technologies in a never-ending pursuit to strengthen safety everywhere - helping to protect people, property, and places, and enabling collaboration for a proactive approach to safety and security.

The solutions our national service organizations offer power some of the community's most critical services for our nation, including law enforcement, fire and rescue, and medical care. They rely on their employees to keep our expertise ahead of a fast-paced industry. This is why what we do matters, and why we are looking for tomorrow's experts now.

## Want a career to help make the world safer? Safer starts here.

Join the team at one of our esteemed service partner member organizations as a Field Technical Service Professional and embark on an exciting career path in the world of cutting-edge technology and telecommunications. As a global leader in communications solutions, Motorola Solutions has been at the forefront of innovation for over 90 years, shaping the way people connect and communicate across the globe.

# Being our best in the moments that matter

As a Field Technical Service Professional, you will have the unique opportunity to work closely with Motorola Solutions state-of-the-art products and services, ensuring their seamless implementation and superior functionality. You will play a pivotal role in delivering exceptional customer experiences, driving customer satisfaction, and building long-term relationships with one of our long-standing service partner members.

In this role, you will be responsible for providing on-site technical support, troubleshooting, and resolution of complex issues for our diverse range of customers. You will have the chance to work with a wide variety of Motorola Solutions products, including advanced two-way radios, broadband systems, mobile computing devices, and sophisticated software solutions. With comprehensive training and ongoing professional development opportunities, you will become a subject matter expert, equipped with the knowledge and skills to excel in this dynamic field.

## Our Service Organizations values drive everything they do

Our service organization members value teamwork, innovation, and a customer-centric approach. By joining one of their teams, you will become part of a diverse and inclusive community that fosters collaboration and encourages personal growth. They offer competitive compensation packages, including benefits and incentives, recognizing and rewarding your contributions to our shared success.

If you are passionate about technology, thrive in a fast-paced environment, and have a knack for problem-solving, then a career as a Field Technical Service Professional at one of our trusted service partners is the perfect fit for you. Join us and be part of a global network of experts, dedicated to transforming the way the world connects, communicates, and collaborates.

Motorola Solutions Service Associations have several technical service and system integration roles. Join with us as we provide the support to build the future of safer, together.
